INDEPENDENT AUDITOR'S REPORT

To the Members of Tradezeal Online Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Tradezeal Online Private Limited ("the Company"), which comprise the balance sheet as at March 31, 2026, and the statement of Profit and Loss (including other comprehensive income), and the statement of changes in equity, and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including IND AS, of the state of affairs of the Company as at March 31, 2026, and its loss and total comprehensive loss and its cash flows and Statement of Changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation and presentation of its report (herein after called as "Board Report") which comprises various information required under section 134(3) of the Companies Act 2013 but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Board Report and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

HEAD OFFICE : B-17, Maharani Bagh, New Delhi - 110065

If, based on the work we have performed, we conclude that there is a material misstatement in this Board Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in Equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Financial Statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The standalone financial statements of the Company for the year ended March 31, 2025 were audited by another firm of Chartered Accountants in accordance with the provisions of the Companies Act, 2013. That firm, vide its audit report dated April 28, 2025, expressed an unmodified opinion on those standalone financial statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order, 2020") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure I, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by the law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the accounting standards specified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to the financial statement of the company and the operating effectiveness of such controls, refers to our separate Report in "Annexure II". Our report express an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls with reference to financial statement.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have any pending litigations that would impact its financial position in its financial statement.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- iv. The Company has not declared or paid dividend during the year. Therefore, our reporting under rule 11(f) of Companies (Audit & Auditor) Rule 2014 is not applicable.
- v. Based on our examination, which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As per Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail, the statutory requirements for record retention has been complied with for the financial year ended March 31, 2026.

3. With respect to the matter to be included in the Auditor's Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, there is no remuneration paid by the company to its directors during the year. Accordingly, section 197 is not applicable.

Annexure I to the Independent Auditor's Report referred to in paragraph 1 under the heading "Report on other Legal and Regulatory requirements" of our report of even date on the Financial Statements of Tradezeal Online Private Limited

- (i) The company has no Property, Plant and Equipment (PPE) and Intangible Assets hence clause 3(i)(a) to (e) of the order is not applicable to the company.
- (ii)
 - (a) As per information and explanation provided to us and based on our examination of the records of the Company, the Company is a service company and accordingly, it does not hold any physical inventories and hence the requirements of clause 3 (ii) (a) of the Order is not applicable to the Company.
 - (b) As per information and explanation provided to us and based on our examination of the records of the Company, the Company has not been sanctioned working capital from banks or financial institutions on the basis of security of current assets at any point of time during the year.
- (iii)
 - (a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not provided any loans or advances in the nature of loans or guarantee, or provided security to companies, firms, limited liability partnerships, or any other parties during the year, and hence reporting under clause 3(iii)(a) of the Order is not applicable.
 - (b) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the investment made, guarantees provided, security given and the terms and conditions of the grant of loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
 - (c) As per information and explanation provided to us and based on our examination of the records of the Company, the Company has not granted loans and advances in the nature of loans and hence the requirements of para 3 (iii) (c) of the Order are not applicable to the Company.
 - (d) As per information and explanation provided to us and based on our examination of the records of the Company, the Company has not granted loans and advances in the nature of loans and hence the requirements of para 3 (iii) (d) of the Order are not applicable to the Company.
 - (e) According to the information and explanation given to us and on the basis of our examination of the records of the Company, there were no loans granted by the Company which was fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties and hence the requirements of clause 3 (iii) (e) of the Order is not applicable to the Company.
 - (f) As per information and explanation provided to us and based on our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans and hence the requirements of para 3 (iii) (f) of the Order are not applicable to the Company.

- (iv) According to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) As per the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 to Section 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under during the year. Accordingly, clause (v) of paragraph 3 of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.
- (vi) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order, 2020 is not applicable to the Company.
- (vii) (a) According to the information provided and explanation given to us and based on our examination of the records of the company, the company is regular in depositing with appropriate authorities undisputed statutory dues including income tax. There are no outstanding statutory dues existing as on the last day of financial year which is outstanding for more than six months from the day these becomes payable.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute.
- (viii) According to the information and explanations given to us and based on our examination of the records of the Company, no unrecorded transactions have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- (ix) (a) According to the information and explanations given to us, in our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) According to the information and explanations given to us, the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not obtained any term loan during the year. Accordingly, paragraph 3 (ix) (c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, no funds were raised on short-term basis by the company. Accordingly, reporting under clause 3 (ix) (d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us and on an overall examination of the Standalone Financial Statements of the Company, the

Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

- (f) According to the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.
- (x)
 - (a) In our opinion and according to the information and explanation given by the management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loan during the year. Accordingly, clause (x) (a) of paragraph 3 of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.
 - (b) During the year, the company has made private placement of Compulsory convertible debentures. In our opinion and according to the information and explanations given to us, the Company has complied with the requirements of section 42 and section 62 of the Act and the rules framed thereunder with respect to the same. Further, the amounts so raised have been utilised by the Company for the purposes for which these funds were raised.
- (xi)
 - (a) During the course of our examination of the books of accounts and records carried out in accordance with the generally accepted auditing practices and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.
 - (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause (xii) of paragraph 3 of the Companies (Auditors Report) Order, 2020 is not applicable to the Company.
- (xiii) The provisions of section 177 of the Act are not applicable to the Company. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 188 of the Act, where applicable, and the details of such transactions have been disclosed in the financial statements, as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination the records of the Company, the internal audit is not applicable to the Company. Accordingly, clause 3(xiv) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with any the directors or persons connected with him.

- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934, hence the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, clause 3 (xvi)(a) and clause 3(xvi)(b) of the Order are not applicable to the Company.
- (b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable to the Company.
- (c) According to the information and explanations provided to us during the course of audit, the Group does not have any CICs.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There was a resignation of the statutory auditors during the year, and no objections or concerns were raised by the outgoing auditors.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to spend any amount on account of Corporate Social Responsibility. Accordingly, clause 3 (xx) of the Order is not applicable to the Company.

Annexure II to the Independent Auditor's Report referred to in paragraph 3(g) under the heading "Report on other Legal and Regulatory requirements" of our report of even date on the Financial Statements of Tradezeal Online Private Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the Financial Statements of **Tradezeal Online Private Limited** ("the Company") as of March 31, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by The Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the Financial Statements, and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to the Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to the Financial Statements included obtaining an understanding of such internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls systems over financial reporting with reference to the Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to the Financial Statements

A company's internal financial control over financial reporting with reference to the Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting with reference to the Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to the Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to the Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to the Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Financial Statements and such internal financial controls were operating effectively as at March 31, 2026 based on the internal control with reference to the Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

1. Corporate Information

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited) (“the Company”) is a private company domiciled in India and was incorporated on May 31, 2005 under the provision of the Companies Act applicable in India. The Company is engaged in carrying out the business related to Investment and allied activities. The registered office of the Company is located at 1st Floor, 29-Daryagang, Netaji Subash Marg New Delhi-110002, India.

The financial statements were authorised for issue in accordance with a resolution passed by Board of Directors on 24 April 2026

2. Material accounting policies

2.1 Basis of preparation

The financial statements for the year ended 31 March 2026 have been prepared on the historical cost basis as explained in the accounting policies below, except certain financial assets and liabilities measured at fair value where the Ind AS requires a different accounting treatment (refer accounting policy regarding financial instruments).

The preparation of these financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Company’s accounting policies. The areas where estimates are significant to the financial statements, or areas involving a higher degree of judgement or complexity, are disclosed in Note 3.

2.2 Statement of Compliance

The financial statements for the year ended 31 March 2026 have been prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Companies Act 2013 (“the Act”) (as amended from time to time).

All amounts disclosed in the financial statements and notes have been rounded off to the nearest INR thousand as per the requirement of Schedule III, unless otherwise stated.

2.3 Summary of material accounting policies

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, to all the period presented in these financial statements.

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, to all the periods presented in these financial statements.

a) Current versus non-current classification

The Company presents assets and liabilities in balance sheet based on current/non-current classification. An asset is classified as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Fair value measurement

The Company measures financial instruments, such as separable embedded derivative financial liability component of optionally convertible cumulative redeemable preference shares (OCCRPS), Investment in equity/preference instrument of other entities and investment in mutual funds at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- (i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2 — inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- (iii) Level 3 — Unobservable inputs for the asset or liability reflecting Company's assumptions about pricing by market participants

For assets and liabilities that are recognised in the financial statements on fair value on a recurring basis, the Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for significant estimates and assumptions (Note 3)
- Disclosures for valuation methods and quantitative disclosure of fair value measurement hierarchy (Note 18)

c) Revenue recognition and other income

Revenue from contracts with the customers

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of government.

Other income

Interest income

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

d) Taxes

Current Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Goods and service tax (GST) paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of GST paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

e) Provisions and contingent liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

f) Investment in associates

The Company records the investment in equity instruments of associate at cost less impairment loss, if any.

On disposal of investment in associate, the difference between net disposal proceeds and the carrying amount is recognised in the Statement of profit and loss

g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to loans to employees, trade and other receivables.

Debt instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include, non-derivative financial liability and separable embedded derivative financial liability component of convertible preference shares (refer policy below), trade and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Profit or Loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has designated convertible preference shares issued with share buyback obligation, to be measured at fair value through profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Embedded derivatives

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract – with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

If the hybrid contract contains a host that is a financial asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Convertible preference shares

Convertible preference shares are separated into liability and equity components (if any) based on the terms of the contract.

On issuance of the convertible preference shares, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption.

The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent periods.

In the absence of fixed to fixed relationship, the conversion option is also analysed for classification as embedded derivative financial liability component and is recognised at fair value at each balance sheet date if not closely related to the host financial liability instrument.

Transaction costs are apportioned between the liability and equity components of the convertible preference shares based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

h) Foreign currency transactions

The Company's financial statements are presented in INR which is also the Company's functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

i) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

j) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

k) Share capital

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

l) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3. Significant accounting estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Therefore, actual results could differ from these estimates.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Fair value measurement of financial instruments

When the fair values of financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model and Binomial Option Pricing model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 18 for further disclosures.

b) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that future taxable profit will be available against which the losses can be utilised. In assessing the probability the Company considers whether the entity has sufficient taxable temporary differences relating to the same taxation authority and the same taxable entity, which will result in taxable amounts against which the unused tax losses or unused tax

Tradezeal Online Private Limited (Formerly known as Tradezeal International Private Limited)
Notes to financial statements for the year ended 31 March 2026
(Amounts in INR "Thousands", unless otherwise stated)

credits can be utilised before they expire. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has recognised deferred tax assets on the deductible temporary differences since the management is of the view that it is probable the deferred tax assets will be recoverable using the estimated future taxable income based on the approved business plans and budgets.

c) Impairment of Non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model or other fair value valuation models. In DCF model, the cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Net deferred tax liabilities (C) = (A) - (B)	<u>102,597</u>	<u>102,597</u>

e) Breakup of deferred tax expense/(income) recognised in Statement of profit and loss and OCI

Particulars	For the year ended 31 March 2026	For the year ended 31 March 2025
Deferred tax expense/(income) relates to the following:		
Investment in other entities measured at fair value	-	(80,209)
Deferred tax expense/(benefit)	<u>-</u>	<u>(80,209)</u>

f) Reconciliation of Deferred tax assets/(liabilities) (Net):

Particulars	As at 31 March 2026	As at 31 March 2025
Opening balance	102,597	182,806
Tax expense/(income) during the year recognised in Statement of profit and loss	-	(80,209)
Closing balance at the end of the year	<u>102,597</u>	<u>102,597</u>

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

18 Financial instruments

a) Category wise details as to carrying value, fair value and the level of fair value measurement hierarchy of the Company's financial instruments are as follows:

	Level	As at 31 March 2026	As at 31 March 2025
Financial assets			
a) Measured at fair value through profit or loss (FVTPL)			
Investment in equity/preference instruments of other entities (Refer Note b(iii) below)	Level 3	785,872	785,872
Investment in Compulsory Convertible Debentures of associate	Level 3	50,000	50,000
		<u>835,872</u>	<u>835,872</u>
b) Measured at Amortised cost			
- Cash and cash equivalents		100	272
- Deposit with bank		15,507	14,751
		<u>15,607</u>	<u>15,023</u>
Total financial assets		<u>851,479</u>	<u>850,895</u>
Financial liabilities			
a) Measured at Amortised cost			
- Borrowings		174,130	151,117
- Trade Payables		27	19
Total financial liabilities		<u>174,157</u>	<u>151,136</u>

b) The following methods / assumptions were used to estimate the fair values:

- The carrying value of cash and cash equivalents and trade payables measured at amortised cost approximate their fair value.
- The fair value of non current borrowings are based on discounted cash flow using a current borrowing rate. They are classified as level 3 fair value in the fair value hierarchy due to the use of unobservable input, including own credit risk
- Fair value of equity/preference instruments of other entities is estimated based on discounted cash flows valuation technique using the cash flow projections, discount rate and credit risk.
- During the year ended 31 March 2026 and 31 March 2025, there were no transfers due to re-classification into and out of Level 3 fair value measurements.

c) Following table describes the valuation techniques used and key inputs thereto for the level 3 financial assets as of 31 March 2026 and 31 March 2025 :

Financial assets	Valuation technique(s)	Significant Unobservable input	Significant Unobservable input range		Inter-relationship between significant unobservable input and fair value
			For the year ended 31 March 2026	For the year ended 31 March 2025	
Investment in debt instruments, equity/preference instruments of other entities					
Instant Procurement Services Private Limited and Legistify Services Private Limited	Market multiple and Discounted cashflow approach	i) Discount rate ii) Revenue growth rate iii) Market multiples (Comparable Companies)	i) 21.3% - 24.1% ii) 20% - 48% iii) 2.75x	i) 21.7% - 22.0% ii) Budgeted and forecasted revenue iii) 3.6x-8.4x	The estimated fair value of Investment in Other entities will Increase/ (decrease) if the Revenue growth rate and Market multiple is higher/ (lower). The estimated fair value of Investment in Other entities will Increase/ (decrease) if the Discount rate is (lower)/ higher.

Sensitivity

For the fair value of investment in other entities, reasonably possible changes in significant unobservable inputs at the reporting date would have the following effect:

	For the year ended 31 March 2026	For the year ended 31 March 2025
a) Discount Rate:		
+1% change	(73,976)	(32,707)
-1% change	79,254	36,755
b) Revenue Growth Rate:		
+1% change	51,533	27,418
-1% change	(51,416)	(27,160)
c) Market Multiple:		
+2.5% change	454	10,359
-2.5% change	(454)	(10,378)
d) Reconciliation of level 3 fair value measurements		

Investment in equity/preference instruments of other entities and investment in debt instruments of associates

	For the year ended 31 March 2026	For the year ended 31 March 2025
Opening balance	835,872	934,567
Additions	-	50,000
Investment sold / converted during the year	-	(30,000)
Gain/(loss) recognised in profit or loss	-	(118,695)
Closing balance	835,872	835,872

19 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, Optionally convertible cumulative redeemable preference shares, compulsorily convertible debentures and all other equity reserves attributable to the equity shareholder of the Company. The Company manages its capital to ensure that the company will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Company is neither subject to externally imposed capital requirements nor exposed to external borrowings. For the purpose of the capital management, the management considers the share buy back obligation pertaining to Optionally convertible cumulative redeemable preference shares as part of the Capital.

The Company reviews the capital structure on a regular basis. As part of this review, the Company considers the cost of capital, risks associated with each class of capital requirements and maintenance of adequate liquidity. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

20 Financial risk management objectives and policies

The Company is exposed to market risk, credit risk and liquidity risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and Company's activities.

The Company's Board oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

i) Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's Cash and cash equivalents, bank deposits and investments in mutual funds, bonds, exchange traded funds, debentures, units of alternative investment funds and units of investment trust.

The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk management considers available reasonable and supportive forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

ii) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Ultimate responsibility for liquidity risk management rests with the board of directors, who has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Maturities of financial liabilities

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Contractual maturities of financial liabilities

	Between 1 and 5 years and		
	Within 1 year	thereafter	Total
31 March 2026			
Trade payables	27	-	27
Borrowings*	174,130	-	174,130
31 March 2025			
Trade payables	19	-	19
Borrowings*	-	151,117	151,117

*Represents Optionally convertible cumulative redeemable preference shares -liability component

iii) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include investments in mutual funds.

a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

b) Interest rate risk

Investment of short-term surplus funds of the Company in liquid schemes of mutual funds, bonds, debentures, units of alternative investment fund and investment trust provides high level of liquidity from a portfolio of money market securities and high quality debt and categorized as 'low risk' product from liquidity and interest rate risk perspectives.

Sensitivity

	Impact on Profit before Tax	
	For the year ended	For the year ended
	31 March 2026	31 March 2025

Notes to Financial Statements for the year ended 31 March 2026

(Amounts in INR "Thousands" , unless otherwise stated)

21 Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company has only one business segment which is to hold investments in group companies and other entities. Hence the Company falls within a single operating segment and accordingly no reportable segments in accordance with Ind AS 108 - 'Operating segments'.

22 Details of dues to micro and small enterprises as defined under MSMED Act 2006:

	As at 31 March 2026	As at 31 March 2025
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting		
- Principal Amount due to micro and small enterprises	-	-
- Interest due on above	-	-
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

23 Additional Regulatory Information**a) - Ratios**

Ratio	Numerator	Denominator	Current year	Previous year	% Variance *
Current Ratio (in times)	Current Assets	Current liabilities	411.09	20.41	1914%
Return on Equity Ratio (in %)	Profit after tax, attributable to equity shareholders	Average Shareholder's Equity	-2%	7%	-123%
Trade payables turnover ratio (in times)	Other expenses	Average trade payable	16.13	7.79	107%
Return on Capital employed (ROCE) (in %)	Earning before interest and taxes	Capital employed (Refer Note 1 below)	0.04%	4.98%	-99%
Return on investment (ROI) (in %)	Income generated from invested funds (Refer Note 2 below)	Average invested funds in treasury investments (Refer Note 3 below)	7.14%	4.04%	77%

Notes

- Capital Employed = Total shareholder's equity + Deferred tax liability
- Income generated from invested funds = Interest Income on Fixed Deposits
- Average invested funds in treasury investments = Average of (Average quarterly opening treasury investments and quarterly closing treasury investments #)
- # Treasury Investments = Fixed Deposits
- Average is calculating based on simple average of opening and closing balances.

* Explanation where variance in ratio is more than +/-25%

- Current ratio

Ratio increased due to increase current assets primarily due to fixed deposits with bank approaching towards maturity.

- Return on Equity ratio

Ratio declined due to reduction in other income leading to reduced profit after tax

- Trade payables turnover ratio (in times)

Increased ratio due to decrease in other expenses and decrease in trade payables during the year.

- Return on Capital employed (ROCE)

Ratio decreased due to decreased earnings in the current year.

- Return on investment (ROI) (in %)

ROI increased primarily due to reduction in average investments during current year on account of utilisation of funds towards dividend disbursement and strategic investment in last

b) - Relationship with Struck off companies

The Company did not have any transactions with companies struck off under Section 248 of the Companies Act, 2013 or Section 560 of Companies Act, 1956 during the financial year.

24 Contingent liabilities

- As at 31 March 2026, the Company has NIL contingent liabilities (31 March 2025: NIL).

25 Capital and other commitments

- As at 31 March 2026, the Company has NIL capital commitment (31 March 2025: NIL).

26 Related party transactions

a) Names of related parties and related party relationship

(i) Holding Company	Indiamart Intermesh Limited
(ii) Key management personnel	Mr. Sudhir Gupta, Director Mr. Praveen Kumar Goel, Director Mr. Manoj Bhargava, Director
(iii) Other related parties	Truckhall Private Limited (Associate) Agillos E-Commerce Private Limited (Associate) Edgewise Technologies Private Limited (Associate) Adansa Solutions Private Limited (Associate)

b) The following table provides the total amount of transactions that have been entered into with the related parties for the relevant financial year:

Particulars	For the year ended 31 March 2026	'For the year ended 31 March 2025
Indiamart Intermesh Limited		
Issue of 0.0001% Compulsory Convertible Debentures (CCD) (classified as Equity)	60,000	-
Finance cost on Optionally convertible cumulative redeemable preference shares -liability component	23,013	19,981
Dividend Paid	-	308,000
Investment in Associates		
Truckhall Private Limited		
Investment in Compulsory Compulsory Convertible Preference Shares (CCPS)	59,999	99,998
Edgewise Technologies Private Limited		
Investment in Compulsory Convertible Debentures (CCD)	-	50,000

The following table discloses amounts due to or due from related parties at the relevant year end:

Balance Outstanding at the year end	As at 31 March 2026	As at 31 March 2025
0.0001% Compulsory Convertible Debentures (CCD) (classified as Equity)		
Indiamart Intermesh Limited	992,500	932,500
Optionally convertible cumulative redeemable preference shares -liability component (also refer note 9)		
Indiamart Intermesh Limited	174,130	151,117
Investment in associates		
Truckhall Private Limited	375,096	315,097
Agillos E-Commerce Private Limited	260,004	260,004
Edgewise Technologies Private Limited	183,450	183,450
Adansa Solutions Private Limited	137,500	137,500

Terms and conditions of transactions with related parties

The transactions with related parties are entered on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

27 Events after the reporting year

The Company has evaluated all the subsequent events through 24 April 2026 which is the date on which these financial statements were issued, and no events have occurred from the balance sheet

28 Figures for the previous year have been regrouped/reclassified to conform to the classification of the current year.

The accompanying notes are an integral part of the financial statements.
