THREAT OVER CHINESE OVERCAPACITY LOOMS

EU trade talks: India to offer regulatory certainty for FDI

RAVI DUTTA MISHRA
New Delhi, July 28

IN THE FIRST such offer made during trade deal negotiations, India is working on a “new chapter” aimed at extending long-term regulatory certainty in the domestic manufacturing sector to attract investment from the European Union (EU), it has been learnt.

This comes in the backdrop of shared concerns between India and the EU over Chinese overcapacity, which is viewed as a threat to domestic manufacturing of critical products such as pharmaceuticals, electronics and defence requirements, among others.

“In the EU deal, one of the new chapters that has come in is about investment in non-services, which is a new element where they (EU) are looking at certainty on the commitments for FDI in non-services sectors — basically the manufacturing sector,” a government official said.

“There are two parts to it.

Govt begins consultations to prepare industry for UK trade deal gains

TO PREPARE THE industry for the opportunities created by the Comprehensive Economic and Trade Agreement (CETA) with the UK, the ministry of commerce and industry on Monday held a meeting with stakeholders from the textile, leather and footwear sectors. The aim was to inform representatives from these sectors about the changes CETA will bring and to seek their input on the kind of support they may require to fully leverage preferential access to

the UK market.

More sector-based consultations are planned in the coming days to help the indus-

try translate these opportunities into actual gains. The ministry will also engage with manufacturing clusters in various states to ensure they are ready to benefit from the provisions of the landmark agreement. The pact offers textile and clothing products duty-free access to the UK market, addressing the duty disadvantages of up to 12% that Indian exporters faced compared to key competitors like Bangladesh, Cambodia, and Pakistan. —FE BUREAU

whether there will be local partners and joint ventures or not,” the official said. Another person said that the government had undertaken extensive stakeholder consultations to work on the investment chap-

ter that was offered to the EU during the last round of negotiations. This comes as India has begun seeking to attract investments from Western countries in exchange for lowering tariffs on key sectors.
